ABATEMENT CONSULTANTS

A Full-Service Environmental Company

Demolition

We take our job seriously. Greenwood Abatement Consultants, Inc. is fully aware of the danger that can occur on a jobsite. Therefore, safety is a major issue with our demolition services. Our demolition company is both insured and bonded. In addition, each member applies their in-depth expertise to minimize your risk for structures of all sizes. Our broad demolition equipment line assists us in this goal. By having all the necessary tools on site, it not only reduces the amount of time we complete our demolition project but mainly allows us to demolish it safely. In the process, OSHA rules and regulations are followed by our team.

We offer services to fulfill any demolition task, from homes to high-rises we have the knowledge and expertise to successfully fulfill our obligations. We also offer demolition services in rigging and plant dismantlement and we also possess our own fleet of roll-off service trucks and containers. So, we have the capabilities to flex our schedule to meet your specialized demands. Greenwood Abatement Consultants, inc. also offers onsite concrete crushing and recycling that is performed by trained personnel with the most advanced equipment on the market today.

Greenwood Abatement Consultants, inc. has a competitive edge when it comes to obtaining the demolition work. As a demolition contractor, we are able to bid aggressively. Our utilization of recycling scrap materials from each site benefits the customer because we can pass on the cost savings. We fully understand the importance of staying within budget. We strategize to make use of time constraints. Deadlines will be met because we believe that working hard is the only way to achieve the goals that we have set for ourselves.
